AFEdemy's Newsletter #6

THIS NEWSLETTER INFORMS YOU ABOUT THE RESULTS OF OUR RESEARCH PROJECTS

Get updated on the YoungCare project

YoungCare offers educational resources for informal caregivers and people in need for care. The project partners recently met at the YoungCare TPM and International Multiplier Event in Vilnius, where they exchanged ideas, reviewed project milestones, and explored upscaling opportunities. Discover more about the e-learning platform other exciting project outcomes.

Check out the Age-Friendly City Professional profile

The AFC Toolkit offers an Age-Friendly City Professional profile and a comprehensive training web app designed to support the development of inclusive, age-friendly environments across Europe. Validated by experts and available free of costs in open-access, the training equips professionals with the knowledge and skills needed to implement WHO's age-friendly city principles across five key domains – each explored in dedicated modules.

A new project has started: MEMORABLE

The Memorable project launched in January 2025 in Sofia, Bulgaria, and united five European partners who work together on fostering dementia-friendly cultural spaces. The Erasmus+ initiative aims to empower communities, caregivers, and cultural professionals to better support individuals living with dementia across Europe.
